School of Data Science

FIRST OF ITS KIND IN TEXAS

Preparing tomorrow's data scientists in fields such as:

- Computer Science
- Information Systems & Cyber Security
- Mathematics & Statistics
- 5G Technology
- Artificial Intelligence
- Quantum Computing
- Electrical & Computer Engineering
- Open Cloud
- Bioinformatics

UTSA

RESEARCH PILLARS

Digital Economy

- AI & Machine Learning
- Cloud & Edge Computing
- Cyber Security
- Data Science & Analytics
- NexGen Wireless
- Quantum

Fundamental Futures

- Environmental Change
- Earth & Space Sciences
- Energy & Manufacturing
- National Security & Defense
- Smart Infrastructure

Human Health

- Bio regeneration
- Brain Health & Neuro-engineering
- Health Disparities
- Human Performance
- Infectious Disease
- Precision Therapeutics

Culture Inclusion

- Cultural Sustainability
- Digital Humanities
- Disability Studies
- Language & Literacy
- Race and Ethnic Studies
- Women and Gender Studies

Socio-Economic Transformation

- Career-engaged Education
- Entrepreneurship
- Human Development
- Justice
- Socioeconomic Equity
