

Instructions for Residency Status Update

Those students who have become U.S. permanent residents must report their status change to the appropriate offices listed below. This will update their immigration status as well as residency status in the university's BANNER system.

Procedures

1. Provide a copy of your permanent residency card to International Student Services in the International Services office. If a student currently holds an F-1/J-1 visa, his/her SEVIS record will be terminated with reason of "***Change of Status Approved – Permanent Residency Approved.***"
2. Provide a copy of your permanent residency card to the appropriate office listed below in order to update your residency status in the University BANNER system.

They also need to update their information with Social Security Administration office.

Student Statement

I have provided a copy of my permanent resident card to International Student Services and have been instructed to submit a copy of my card to the appropriate office listed above based on my degree level. I also have been instructed that if I am employed or receiving a scholarship at UTSA it is my responsibility to notify the department of my major, UTSA Human Resources and Payroll.

UTSA International Services

Office of Global Initiatives

I understand that my student record will no longer require processing through International Student Services. If my permanent residency card is submitted prior to the census date, my student account will be adjusted for the current semester and if my card is submitted after the census date, my student account will be adjusted for the following semester. It remains my responsibility to review and monitor student account fees.
